

Get the Most from Using Avenza Maps

If you're interested in using the maps on your phone, here are some instructions on how to download and use the app.

Download Your Map

How to download the Avenza app and maps:

- Go to your app store and search "Avenza" and download the app.
- Once it is finished downloading, open the app.
- Locate the search bar and search for your map using keywords (i.e. military base, hunting, fishing, etc.) or the location (i.e. Fort Lee, Fort Benning, etc.) being used.
- Find a map that you would like to use and download the map on your phone.

Using Your Map

- This app uses the GPS capability on your phone to display your location on the map.
- At the bottom of the screen, you will see multiple icons.
 - Touch the first icon to pull up your location on the map.
 - Touch the second icon to drop a point at a location and add notes or a photo.
 - Touch the third icon to see all the points and features you have created.
 - The fourth icon contains many tools for creating features on your map. You can draw things, measure distance, navigate and many other things with these tools. Before going out, take a minute to play with these tools and see what you want to use while you're in the field.
- Once you're ready to start using your map, click on the icon at the bottom left corner and start your adventure!
